

EDENBROOK

DIALYSIS UNIT

AVAILABLE AT

EDENBROOK
LAKESIDE

Experience the *Edenbrook* Difference

Edenbrook Dialysis' mission is to provide compassionate, high-quality, on-site dialysis services for our residents. Our integrated care model ensures that residents requiring dialysis receive the treatments they need in the comfort and convenience of Edenbrook Lakeside—eliminating the need for travel to outpatient clinics.

Whether you're recovering from surgery or managing a chronic condition, our in-house dialysis services make it easier to focus on what matters most—your health and comfort. By the need to travel and aligning treatment with your daily schedule, we help you maintain consistency in your care and lifestyle.

ON-SITE DIALYSIS TREATMENTS

Dialysis is provided right here at Edenbrook Lakeside, allowing for a smoother, safer, and more comfortable experience.

PERSONALIZED CARE PLANS

Our experienced dialysis team works closely with residents, families, and facility staff to ensure individualized treatment and coordinated care.

REDUCED TRAVEL & HOSPITALIZATIONS

On-site dialysis helps minimize transportation risks and hospital readmissions, supporting better outcomes and peace of mind.

EXPERIENCED, COMPASSIONATE STAFF

Edenbrook Dialysis employs highly trained nurses and technicians dedicated to delivering quality care with dignity and respect.
